TOWN of WAKE FOREST

The newly renovated center offers space for recreational programs.

SENIOR CENTER

Doors open to newly expanded facility

The Northern Wake Senior Center, 235 E. Holding Ave., is now open after a renovation and expansion project was completed to meet the growing needs of the community.

Funded by the 2014 Wake Forest Bond Referendum, the center expansion added new multi-purpose rooms, a new roof, more parking spaces and an exercise room.

The center offers adults age 55 and older a full schedule of classes and programs, such as zumba, yoga, tai chi, painting, quilting and more. The schedule of programs is posted at wakeforestnc.gov, search “senior center.”

Programming at the Northern Wake Senior Center is provided by Resources for Seniors, Inc. The organization serves senior and disabled adults in Wake County by providing home- and

community-based services and information, thereby allowing them to maximize their choices for independence, comfort, safety, security and well-being.

The senior center is open Mon-Fri, 8 a.m.–5 p.m.

Wake Forest Counts

Frequently asked questions about the 2020 Census

Once a decade, America comes together to count every resident in the United States. Data from the census provide the basis for distributing more than \$675 billion in federal funds annually to communities across the country to support vital programs. They also are used to redraw the boundaries of congressional and state legislative districts and accurately determine the number of congressional seats each state has in the U.S. House of Representatives.

Why is it important to me?

Responding to the census is not only your civic duty, it also affects the amount of funding your community receives, how your community plans for the future, and your representation in government.

When will I complete the census?

Beginning in mid-March, people will receive a notice in the mail to complete the 2020 Census. Once you receive it, you can respond online. In May, the U.S. Census Bureau will begin following up in person with households that haven't responded to the census.

How can I respond? In 2020, for the first time ever, the U.S. Census Bureau will accept responses online, but you can still respond by phone or mail if you prefer. Responding should take less time than it takes to finish your morning coffee.

What information will be requested?

The census will collect basic information about the people living in your household. You should count everyone who is living in your household on April 1, 2020.

What information will not be requested? The Census Bureau will never ask for: Social Security numbers, bank or credit card account numbers, money or donations, anything on behalf of a political party.

Will my information be kept confidential? Strict federal law protects your census responses. No law enforcement agency (not the DHS, ICE, FBI, or CIA) can access or use your personal information at any time.

Learn more about the 2020 Census by visiting 2020census.gov.

Last year's Friday Night on White concert series attracted over 50,000 visitors to downtown Wake Forest.

Town announces band lineup for FRIDAY NIGHT ON WHITE

The Town of Wake Forest is pleased to announce a power-packed lineup for the 2020 Friday Night on White (FNOW) concert series.

Bands scheduled to perform this year include The Magic Pipers (April 17); Sleeping Booty (May 8); The Soul Psychedelique (June 12); Love Tribe (July 10); Big Love (Aug. 14); and Crush (Sept. 11).

FNOW is typically offered along South White Street in downtown Wake Forest from 6–9 p.m. on the second Friday night of each month from April through

September. Due to Good Friday falling this year on the second Friday in April, the 2020 series will get underway on the third Friday (April 17) with The Magic Pipers. The remaining concerts will occur on the second Friday from May through September.

Volunteers are needed for a variety of roles during FNOW. Volunteers must be at least 18 years old and will receive training and a commemorative t-shirt. To sign up, visit wakeforestnc.gov, search “volunteer Wake Forest.”

FNOW aligns with Goal 1 of the Town's Strategic Plan: Stimulate Economic Growth.

URBAN FORESTRY

Town-wide tree trimming project has begun

In February, Town crews began trimming all street trees and trees growing on Town-owned or controlled property to ensure adequate street, sidewalk and driveway clearance. Scheduled for completion in 2022, the work will be performed by and under the direct supervision of arborists certified by the International Society of Arboriculture.

The Town of Wake Forest maintains all trees growing on Town-owned or controlled property, including parks, greenways and Town facilities. The Town also maintains all street trees which are located within the public street right of way or within a street tree easement, measuring eight feet inside private property.

The street right-of-way is typically measured from back of sidewalk, to back of sidewalk (or if there are no sidewalks, property line to property line)

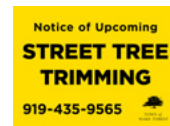

perpendicular across the street. Trees planted between the curb and sidewalk, or between the curb and property line, are considered within the public right-of-way. Trees planted in a street tree easement are often planted within the eight-foot zone outside the right-of-way or eight feet within the homeowner's property line.

The Town was granted the street tree easements for the express purpose of tree maintenance and care.

Before beginning tree trimming operations in a Wake Forest neighborhood or subdivision, Town officials will utilize yard signs and Nextdoor, the private social

network for neighborhoods, to notify residents in the area.

Town offers many opportunities to volunteer

The Town of Wake Forest offers an array of volunteer opportunities for people interested in contributing their time and talents towards serving the community.

Service opportunities range from participation in environmental efforts to parks and recreation initiatives to food security efforts. Volunteers are also needed to perform a variety of roles during popular Town events.

Details about all the Town's volunteer opportunities, along with an online volunteer registration form, are provided on the Town's website at wakeforestnc.gov, search "volunteer opportunities."

Daylight Saving Time begins March 8

Remember to move your clocks forward one hour and change the batteries in your smoke detectors.

A few words from the State of the Town Address

If you missed the State of the Town Address, you can watch it on Wake Forest TV 10 throughout March at 8 a.m., noon, and 6 p.m. The address can also be viewed in streaming video on the Town's website at wakeforestnc.gov.

"A couple of weeks ago I was at a gathering of some of our volunteers and I shared with them something I read recently about volunteerism. I want to share it this evening because every person who is here is part of that army of volunteers in our community—none of you have ever learned to say 'no!'"

"This is what I read: Volunteering is the ultimate exercise in democracy. You vote in elections once a year but when you volunteer, you vote every day about the kind of community you want to live in."

"Thank you for wanting to live in a great community and for helping to make our community great!"

—MAYOR VIVIAN JONES

Water quality monitoring is one of the tasks that volunteers can select to do.

Town recruiting volunteers to ADOPT-A-STREAM

The Town of Wake Forest is recruiting Adopt-A-Stream volunteers to help keep the town's streams healthy. The initiative offers residents the opportunity to become involved in an environmental effort that helps protect our natural resources, therefore improving water quality and stream habitats.

Anyone with an interest in healthy streams and the outdoors is invited to participate. To adopt a stream, individuals or groups

agree to perform one of the following tasks on a section of stream for one year: water quality monitoring; stream clean-up; stream repair and planting; or drain labeling.

For complete details, including information about available stream sections, visit wakeforestnc.gov and search "adopt a stream" or contact Assistant Public Works Director Allison Snyder at 919-435-9585 or asnryder@wakeforestnc.gov.
